TELESCOPIC WEED KNIFE

Darlac. To order  darlac.com

NAME: Alec Greening gardens on a third of an acre in Burton-in-Kendal, Lancashire. "My favourite season is spring when everything unfurls," he says

BUILD ★★★★★

Stainless steel 10cm blade with front and back cutting edges and point. Strong and light aluminium telescopic shaft.

FEATURES ★★★★★

Replaceable blade is slightly flexible. The shaft length can be adjusted to suit. Plastic grip sits easily in the palm.

PERFORMANCE ★★★★★

Twist lock on shaft needs to be tight or shaft telescopes. Easy to use without bending, and makes short work of large areas. Works well in wide or narrow gaps.

VALUE ★★★★★

At £ 9.99 this tool is good value. Light and comfortable to use, it makes short work of large areas.

£9.99 (p&p£4.95)
