Fruit pickers

With the autumn fruit-picking season upon us, Darlac has introduced two products aimed at making harvesting easier. The Telescopic Fruit Picker (£39.95) can be extended by 10ft (3m) and fruit falls into a large washable bag. The Telescopic Adjustable Snapper (£39.95) extends to the same length, with an adjustable head to trim trees where needed. For stockists call Darlac on ☎ (01753) 547790. 🌐 darlac.com.
